

# NORTHEAST ARLINGTON ORGANIZATION

## Memorandum Of Intent (MOI)

This is a non-binding agreement that indicates you have NOT signed a gas lease for your property, and intend to reserve your decision of leasing mineral rights for your property until you review lease offers negotiated by a committee of the NorthEast Arlington Organization. This is an indication of your interest in lease offers for natural gas exploration and consideration of participation in a unified effort on your behalf.

Wood Ridge Addition

REMEMBER — This form is NOT a contract and nothing you indicate on this form will bind you. It is an information gathering instrument to gauge interest in having neighborhood volunteers negotiate on your behalf before deciding on signing a gas lease agreement. However, only unified neighbors that have been able to maximize favorable terms for their lease. MOIs allow us to negotiate with authority and strength on your behalf. Not only join, contact us if you would like to volunteer and participate directly. WELCOME!
